

Important Policies Designed To Keep You Safe

We've always loved seeing our patients and parents in the office, but the pandemic has required us to change the way we do things. Here are our current policies.

SAFE  ZONE

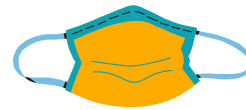

eiko
dental **specialists**
ORTHODONTICS • PEDIATRIC DENTISTRY • ORAL SURGERY

Maintain social distance

Remain seated in designated areas until escorted to the clinic by one of our assistants

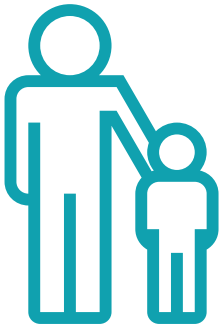

Wear your mask at all times

Be prepared to sanitize your hands and get a quick temperature check at the door. **Mask must cover mouth & nose at all times while you're in the office.**

Only 1 parent per patient in the clinic

To minimize risk, only one parent may accompany their child to the clinic.

*On days when we're taking braces off, only patients are allowed in the clinic.

Follow arrows & exit against the back wall

This will minimize your exposure and interactions with other families and help to keep everyone safe.

One of our awesome team members will communicate all visit information and schedule your next appointment while you're here.
